**Senior Highschool**  
**Armchair**

**Strong Structure**

The traditional armchair uses 2 components as the tablet while the Atlanta All Plastic Armchair uses only 1 piece armchair which makes it stronger and stable.

**Easy to Assemble and Stackable**

The Atlanta All Plastic School Tablet Armchair has only 3 snap on components and uses 2 bolts and 5 screws. It is also stackable that can also save space and storage area.

**Comfortable Seat Design**

The concave angle shape prevents slippage and more comfortable than the flat design.

**Easy Handling**

The Atlanta All Plastic Tablet Armchair has a built-in handle slot which makes it easy to carry around.

**Easy-Access Pencil Holder**

The old design has no slot for easy pick up of pen while the Atlanta All Plastic Tablet Armchair has slot for the fingers for easy access.

**Tiger Palm Shape Footing Design**

The design holds and grip firmly on the ground which prevents sliding. It has an anti-slip rubber stopper.

**Comfortable Back Rest**

The angle shape is more structurally stronger to support back rest weight of a person with a heavy body while leaning with comfort.
